Was the MESA information you received in your home country clear? Was the description of your training site accurate? What more would you have liked MESA to send you before you left you home country?	Yes
If you worked with a Program Representative in your home country, was he/she helpful? Is there anything more the Representative could have done to help you complete your application or to better understand MESA's program?	I worked with GIZ, the organization, which gave me a scholarship and that was great
Any problems with housing, electricity, heat, phone, driver's license, bank account, transportation? Other problems?	housing could be better. Food (which said is provided) is not, what I expected. But we will have a meeting about this soon.

Describe the training you have received since getting to your placement site. What have you learned so far? Have you attended any special training, workshops, conferences, classes, etc.?	<p>First of all, of course, I learned a lot of things for my life by being a new country, improving my english and meeting the other interns and all these interesting people, who are involved in the SLI.</p> <p>Second, I am in a really interesting area and I got to know a lot of people, who are working in the environmental field. My horizon of the environmental and sustainable lifestyle increased a lot!! .. and is still increasing. I am thankful for that.</p> <p>I am also thankful, that I am part of the office scene and I am part of all the organizational and strategic meetings, that are happening. My expectation to get to know the structure about a non-profit organization came true.</p> <p>I learned less about gardening, than I expected, because it is winter and the things are growing very slowly.</p>
Have you been involved in an cultural activities since your arrival? (examples : farmers' workshop, library event, soccer games, family activities, etc)	<p>YES!</p> <p>I love my free time and I find always something to do.</p>
Any suggestions to improve MESA's program?	<p>Not for now.</p>
