<b>1. Learning Objectives #1</b>	-Objective: learn how to install a pasture irrigation system and how to plan irrigation rotation. -Activity: Support the installation of the irrigation system and then install an irrigation system by myself.
<b>2. Learning Objectives #2</b>	-Objective: Understand to 100% how is the process of raising the chickens from the reception on the farm until the time of egg laying. - Activity: Actively participate in the development of the new environment of chicks and chickens, feed the animals, collect eggs.
<b>3. Learning Objectives #3</b>	-Objective: learn to prepare at least three different food products from the food produced on the farm: milk cream, olive oil, cut chicken meat, etc. -Activity: participate in the milking and skimming of milk (accompanied and alone) or in any activity related to the preparation of finished foods.
<b>4. Learning Objectives #4</b>	-Objective: Learn to drive at least two farm machinery: tractor and atv. - Activity: practice driving each machinery and perform, first, simple activities and then the most complex ones.
<b>5. Learning Objectives #5</b>	-Objective: know and Understand how an organic market works in California. -Activity: participate in at least one market in the last weeks of training.

**[Host Signature] I have reviewed these Learning Objectives with our Steward and agree to help him/her accomplish these objectives while training with our farm/business/organization.**
