1. Learning Objectives #1	Learn about the management of the farms, how to make economically and productive viable a organic farm.
2. Learning Objectives #2	Build beds and irrigation systems for crops like, lettuce, tomatoes, onions and others vegetables.
3. Learning Objectives #3	Understand the differences between kinds of compost
4. Learning Objectives #4	Learn about crop care to avoid pests, diseases and insects.
5. Learning Objectives #5	Learn how to diagnose soil quality.
[Host Signature] I have reviewed these Learning Objectives with our Steward and agree to help him/her accomplish these objectives while training with our farm/business/organization.	N.A
