About the Placement:

Detailed Placement Description

Live & Work On An Organic Farm | With A Christian Perspective

Hands on Learning: Micro-intensive farming, small animal husbandry, bee-keeping, local & online marketing.

The Empower School and Farm is a not for profit national and international organization working to alleviate world hunger.

Hands on learning opportunities in sustainable food production, financial & inventory management & online marketing. Experiences may include: planting, harvesting, building

soil (composting), pest & disease management strategies, marketing farm products, exposure to various growing strategies, small farm animal husbandry and other farm projects such as beekeeping with Empower Apiary, barn, cabin and greenhouse construction.

Educational Opportunities: Stewards will be in an active learning environment with opportunity to participate in classes of the Empower School offering certificate level courses in sustainable agriculture, online marketing, micro-business, local community development, foreign language studies, nutrition & world missions.

Located in Central Florida close to Disney World, Florida World Famous Beaches and the Ocala National Forest offering diverse recreational opportunities from canoeing in wilderness waterways to swimming in crystal clear constant 72° springs. Visitors can enjoy year-round camping, picnicking, fishing, birding, hiking, bicycling, horseback riding and four-wheeling.

Primary Production :

[Bees/Honey, Berries, Herbs, Poultry, Tree fruits, Vegetables](#)
